
TECHNICAL DATA SHEET / DETACHEM BIO HD

INTRODUCTION:

This product is a heavy-duty water-based detergent and degreaser. It is a concentrated multi-purpose cleaner containing a selected blend of surfactants, sequestrants and water-soluble solvents making it a highly effective degreaser and detergent.

ADVANTAGES:

Multi Surface and material compatibility
High dilution rates (Economical)

Removes dirt easily and quickly

Water soluble (easy to rinse)

Long shelf life

Effective on heavy grease and oil

METHODS OF APPLICATION:

LIGHT DUTY= DILUTION 1:40 - 150 WITH WATER

Ideal for washing lightly soiled areas, e.g., Floors, windows, work surfaces, etc.

MEDIUM DUTY= DILUTION 1:8 - 50 WITH WATER

General cleaning, factory floors, walls, etc.

HEAVY DUTY= DILUTION 1:1 - 8 WITH WATER

Heavy oils, grease, engine oils, etc.

PHYSICAL PROPERTIES:

Appearance	:	Clear Blue Liquid
Odour	:	Solvent
pH	:	> 12
Density	:	1.02
Emulsifiable	:	Yes
Heat stability	:	Stable for 24 hours

CAUTION:

Keep out of reach of children
Do not ingest

Store upright in original containers

Use as recommended only

Consult MSDS for First Aid and Transport Information

The recommendations are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
