

## TECHNICAL DATA SHEET/ OILY MOLY WR SPRAY

### **DESCRIPTION:**

OILY MOLY WR SPRAY is a mineral oil and synthetic oil blend wire rope grease designed for the lubrication and corrosion prevention requirements of wire ropes working under all conditions.

### **CONSISTANCY:**

NLGI Grade 00

### **KEY ADVANTAGE:**

- Semi-Synthetic, extending product's durability.
- Soluble Moly solid with EP, able to sustain heavy loads.
- Excellent internal & external protection for extended rope life.
- Good covering power for economical usage.
- Contains Anti-wear additives for contact surfaces.
- Anti-corrosive to maintain product properties in harshest conditions.

### **AREAS OF APPLICATION:**

- Wire ropes
- Cranes
- Chair lifts
- Flying foxes
- Slipways

### **TECHNICAL CHARACTERISTICS:**

Mineral oil / Synthetic oil blend

Solid Lubricants

Soluble Moly

EP additive

Anti-wear additive

Anti-Corrosion

Oil viscosity after solvent evaporation

220 cst@ 40°C

Service temperature range

-25°C to +160°C

Water resistance

Good

Drop point

None

Viscosity index

125

Colour

Black

### **RECOMMENDED USE:**

- OILY MOLY WR SPRAY can be used to lubricate all sizes of wire rope as well as chains, leaf springs and other applications where a penetrating oil is needed.
- Remove dust and other lubricants from the rope prior to the application. OILY MOLY WR SPRAY can be applied by spraying directly to the desired area.
- Store product away from direct contact with sun.

### **HEALTH, SAFETY AND ENVIRONMENT:**

Based on available information, this product does not cause adverse health effects when used in the intended application and the recommendations provided in the Safety Data Sheet (MSDS) are followed. It is accessible on request from your local dealer. This product should not be used for applications other than those for which it is intended. If disposing of used product, take care to protect the environment and comply with local regulations.

Misrepresentation Act 1967. Trade description Act 1968. The information in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which effect the use and performance of our products for which reason no warranty is given, express or implied. This information sheet was prepared from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended.
